- 7 Yes, I expect them to outpace inflation. (promotions, new jobs)
- 5 Yes, I expect them to stay somewhat ahead of inflation
- 3 Yes
- 1 No, I expect my earnings to decrease. (retirement, etc.)

F. How many dependents do you have at home or that depend on you even if not living with you?? (Include children you continue to support, elderly parents, but not yourself.)

- 7 None
- 5 1
- 3 2 - 3
- 1 More than 3

G. Have you ever invested in individual bonds or bond mutual funds?

- 2 No, I would be uncomfortable with the risk if I did.
- 3 No, but I would be comfortable with the risk if I did.
- 1 Yes, and I was uncomfortable with the risk.
- 5 Yes, and I felt comfortable with the risk.

H. Have you ever invested in individual stocks or stock mutual funds?

- 1 No, I would be uncomfortable with the risk if I did.
- 4 No, but I would be comfortable with the risk if I did.
- 1 Yes, and I was uncomfortable with the risk.
- 7 Yes, and I felt comfortable with the risk.

I. When thinking about your investments, where would you place yourself on the following scale?

J. Which statement describes your feelings toward choosing investment options for this account?

- 1 I am not a risk taker. (Willing to sacrifice growth for the most safety.)
- 3 I want low risk, but desire some growth.
- 4 I want investment growth, but allow fairly low risk.
- 5 Investment growth is a priority for me, but risk is a concern.
- 7 I am a risk taker, desiring high investment returns.

K. If I can increase my chances of increasing my returns...

- 7 I am willing to take a lot of risk with all my money.
- 5 I am willing to take a little risk with all my money.
- 3 I am willing to take a little risk with some of my money.
- 1 I am unlikely to take much risk.

Carefully consider the investment objectives, risks, charges and expenses before investing. A prospectus is available from the Fund (timothyplan.com) or your financial professional that contains this and other more complete, important information. Please read it carefully before investing or sending money. The Timothy Plan is distributed by Timothy Partners, Ltd., Member NASD.

Score & Strategy

Add your points from questions A through K and consider the appropriate strategy. This worksheet is designed to help you consider the allocation of your investments. The answers you provide should help you to determine which investment allocation may be good for you. Remember, however, this is only a guide, and you always have the ability to invest more conservatively or aggressively than your worksheet score suggests.

Finding the investment allocation.

Find the approximate location of your score on the line graph. Move upwards, select from among the investment choices that fall within your range.

Sign and date when you considered your investments.
