Fund Sub-Advisor
Barrow, Hanley, Mewhinney & Strauss, Inc. (BHMS) was founded in 1979 as a registered investment advisor, and has provided investment advisory services to institutional and individual investors since that time. BHMS is a subsidiary of BrightSphere Investment Group, a publicly-held company traded on the New York Stock Exchange.

Objective
The investment objective of this Fund is to generate a high level of current income.

Strategy
- The Fund normally invests at least 80% of its total assets in a diversified portfolio of high yield fixed income securities. These include corporate bonds, convertible securities and preferred securities.
- The Investment Manager will generally purchase securities for the Fund that are not investment grade ("junk" bonds), meaning securities with a rating of "BB" or lower as rated by Standard & Poor's or a comparable rating by another nationally recognized rating agency. The Fund may also invest in debt securities that have not been rated by one of the major rating agencies, so long as the Fund’s Investment Manager has determined that the security is of comparable credit quality to similar rated securities. High Yield securities ("junk" bonds) are subject to greater risk of loss than investment grade securities. The degree of risk for a particular security may not be reflected in its credit rating, and high yield securities may be particularly subject to this risk.
