Fund Sub-Advisor

Eagle Global Advisors ("Eagle") is owned by its employees. Eagle uses a team approach for the management of the Israel Common Values Fund, with each member of the team assuming responsibility for a geographic area of the globe and specific market sectors within that geographic area.

Objective

The investment objective of this Fund is to provide you with long-term growth of capital.

Strategy

- The Fund seeks to achieve its investment objectives by normally investing at least 80% of the Fund's total assets in the common stock of companies domiciled and/or headquartered in Israel through the purchase of American Depositary Receipts (ADRs) and direct investments in such companies on foreign stock exchanges, without regard to market capitalizations.
- The Fund invests its assets in companies which the Fund's Investment Manager believes show a high probability for superior growth. Companies that meet or exceed specific criteria established by the Manager in the selection process are purchased. Securities are sold when they reach internally determined pricing targets or no longer qualify under the Manager's investment criteria.

Fund Risk

This fund invests without regard to company size and each size, large, mid, and small may each result in greater risks than the other two. Foreign securities markets are sometimes relatively small, and subject to more extreme changes in value than are domestic markets. Because this fund is restricted to companies domiciled or whose headquarters are in Israel, it may be subject to world political changes, and may be more volatile than companies domiciled in other countries. The fund often invests in growth sector securities which may result in performance that is less than the market as a whole, and growth stocks may experience greater volatility than other stocks.

PLEASE SEE THE FUND PROSPECTUS FOR A COMPLETE EXPLANATION OF THE RISKS INVOLVED WITH EACH FUND. Risk chart is for illustrative purposes only.

Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. To obtain performance information current to the most recent month-end, please call the Fund at 800.846.7526.

BEFORE INVESTING, CAREFULLY CONSIDER THE FUND'S INVESTMENT OBJECTIVES, RISKS, CHARGES, AND EXPENSES OF THE INVESTMENT COMPANY. A PROSPECTUS IS AVAILABLE FROM THE FUND BY CALLING 800.846.7526, VISITING [MF.TIMOTHYPLAN.COM](http://mf.timothyplan.com), OR YOUR FINANCIAL PROFESSIONAL THAT CONTAINS THIS AND OTHER MORE COMPLETE, IMPORTANT INFORMATION. PLEASE READ IT CAREFULLY BEFORE INVESTING OR SENDING MONEY.

Because the Timothy Plan Funds do not invest in excluded securities, the Funds may be riskier than other funds that invest in a broader array of securities. There are risks when a fund limits its investments to particular sized companies, and all companies are subject to market risk.

Investing involves risk, including the potential loss of principal.
