PAST PERFORMANCE DOES NOT GUARANTEE FUTURE RESULTS. Investment return and principal value of an investment will fluctuate; therefore, an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance data quoted. Visit timothyplan.com for the most recent month-end performance. It is not possible to invest directly in an index.

Russell 3000 Index – Covers the 3,000 largest U.S. companies, representing nearly the entire investable U.S. equity market.

Russell Mid Cap Growth Index – Tracks mid-sized U.S. companies with strong growth characteristics, typically between large- and small-cap stocks.

The illustration is based on a hypothetical \$10,000 investment in A Class shares. All results shown assume reinvestment of dividends and capital gains. The maximum sales load on Class A shares is 5.5%; the maximum CDSC on Class C shares is 1%; Class I shares are no load shares which are available exclusively through registered investment advisors or for institutional accounts.

Fund Sub-Advisor

Chartwell Investment Partners LLC ("Chartwell") is a boutique investment management firm, an independent affiliate and subsidiary of Raymond James Investment Management, the asset management subsidiary of Raymond James, Inc. (NYSE: RJF).

Objective

The investment objective of this Fund is to provide you with long-term growth of capital.

Strategy

- The Fund seeks to achieve its investment strategy by normally investing at least 80% of the Fund's total assets in stocks of small and mid-cap companies. The Fund may invest its assets in securities of U.S. companies and foreign companies, directly or indirectly through American Depositary Receipts ("ADRs") or other types of depository receipts. The Fund may also invest in equity real estate investment trusts ("REITs").
- The Fund invests its assets in the securities of a limited number of companies, which the Fund's Investment Manager believes show a high probability for superior growth.

Fund Risk

This fund invests in small and mid sized companies, which may result in greater risks. Investing in growth stocks may result in performance that is less than the market as a whole, and growth stocks may experience greater volatility than other stocks. The fund may experience higher portfolio turnover than other funds, which could result in higher transaction costs and higher taxes.

PLEASE SEE THE FUND PROSPECTUS FOR A COMPLETE EXPLANATION OF THE RISKS INVOLVED WITH EACH FUND. Risk chart is for illustrative purposes only.

Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. To obtain performance information current to the most recent month-end, please call the Fund at 800.846.7526.

BEFORE INVESTING, CAREFULLY CONSIDER THE FUND'S INVESTMENT OBJECTIVES, RISKS, CHARGES, AND EXPENSES OF THE INVESTMENT COMPANY. A PROSPECTUS IS AVAILABLE FROM THE FUND BY CALLING 800.846.7526, VISITING [FUND.TIMOTHYPLAN.COM](https://fund.timothyplan.com), OR YOUR FINANCIAL PROFESSIONAL THAT CONTAINS THIS AND OTHER MORE COMPLETE, IMPORTANT INFORMATION. PLEASE READ IT CAREFULLY BEFORE INVESTING OR SENDING MONEY.

Because the Timothy Plan Funds do not invest in excluded securities, the Funds may be riskier than other funds that invest in a broader array of securities. There are risks when a fund limits its investments to particular sized companies, and all companies are subject to market risk.

Investing involves risk, including the potential loss of principal.
