1988 BY THE BOCA RATON CHRISTIAN ACTION COUNCIL BOCA RATON, FLORIDA

What do an unborn baby, a handicapped child and an elderly woman have in common?
EACH IS FULLY HUMAN, INHERENTLY VALUABLE AND VERY MUCH ALIVE.

Each, while sure to face trials and tribulations, has a natural and civil right to live the life God has given them. There are those who do not hold to this positive view of life. Many view the unborn, the handicapped and elderly as "non-productive" members of society. Others take it a step further arguing that "non-productive" people are a burden to a progressive, evolving society. Still others conclude that it is legitimate to *kill* "non-productive" humans who are burdensome . . . hence, the evils of ABORTION-INFANTICIDE-EUTHANASIA.

When killing unborn children was legalized in 1973, the way was being paved for the withholding of necessary medical treatment and even food and water from handicapped children which has and will continue to lead to the withholding of necessary medical treatment and even food and water from the elderly . . . to the point of death! Sadly, many of the voiceless and weak of America have become the target of some of the strong.

Some Americans **can** sit calmly as the once universally held ideal of a "Right-to-Life" is slowly being eroded. Some **cannot** sit calmly, some cannot sit at all; in fact, some must **STAND!**

If you share our concerns about this issue and about the future of this country — the country in which our children and grandchildren will grow and live . . . **STAND WITH US! COME TO:**
